Welcome to the 2020-2021 School Year

Dear Parents, Guardians and Caregivers of Washington Unified School District,

Welcome to a new school year filled with great opportunities and exciting learning experiences for our students in Washington Unified! Under the current health guidelines in this time of COVID-19, we remain committed to not just the health and safety of our students, staff and community; but we continue to be committed to rigorous and meaningful learning experiences for our students even in this virtual learning environment.

All staff are working hard to prepare, plan and provide a robust virtual learning model for our students. You will be hearing more from your site administration about resources and trainings available to support you and your student in this virtual learning time.

In this important packet are documents and notifications that are required for all our families to be well-informed of expectations, responsibilities, parent/guardian/caregiver rights and other information materials that will be helpful for present and future reference. The attached is our annual notification to our families.

This year we have created our annual notification to be in digital form. We hope that this change provides more convenience for you in reviewing and signing all the documents needed for this school year. If any parent, guardian or caregiver needs help or language support to fill out the annual information packet, please call or email your school site administration right away so that our staff can assist you with this important information to start the school year. Most importantly, the District needs your up-to-date contact information (email and phone) so that you are able to receive all communications from your school.

Please take some time to read through this packet thoroughly. More importantly, please review and discuss the information with your family. If you have any questions, please be sure to first speak to your student’s classroom teacher(s) and your school principal.

Thank you for your partnership and the privilege of educating your student. Thank you for your trust and confidence in our District. We are making great strides moving forward, and together we will become the gateway to extraordinary possibilities in the educational journey of our students.

Sincerely yours,

Linda C. Luna, Superintendent

Library Permission Slip

2020-2021

The Washington Unified School District provides a variety of books and materials available for students to check out and take home. Students need parent permission in order to be able to check out books. The board of Education has established rules and responsibilities for all students to follow.

1. Books need to be returned on time. Notice will be sent to students with outstanding books or fines. We would greatly appreciate a response as soon as possible so that we can clear our records and students can regain their library privileges.

2. Students are responsible for the care and condition of library materials in their possession. If materials are not returned or paid for at the end of the school year, the district may withhold the students’ grades, diploma and transcripts in accordance with law, Board policy, and Administrative Regulation.

3. Parents/Guardians will be responsible for paying for any lost or damaged books and/or materials.

Please sign and return the following permission slip for your child.

PREFACE
The purpose of this booklet is to provide a basis for communication to students, parents, and teachers and to serve as a reference. Should questions arise about a specific policy or procedure, please refer to the complete text of current policies available in the principal’s office, the district office, and on the district website at www.wusd.k12.ca.us.

Parent/Guardian Rights
Under state law, parents/guardians of enrolled students have the right to be included in the educational process and to have access to the system on behalf of their children. These rights are outlined in the Education Code, Chapter 864, and Statutes of 1998.

Parents have the right to:

- Have their child receive a free public school education as provided by law.
- Observe the classroom of their child to observe activities. (The time and date of the visitation must be arranged in advance with the school.)
- Request a conference with their child’s teacher(s) or the principal. Parents should contact the school to schedule a date and time convenient to all participants.
- Volunteer time and resources for the improvement of school facilities and programs. Parents should contact the school to determine the terms and conditions of this service.
- Be notified in a timely manner if their child is absent from school without permission.
- Be notified of their child’s performance on standardized and statewide tests and the school’s ranking on these tests.
- Request that their child be enrolled in any school in the district. The district is not required to grant the request.
- Obtain assurance of a safe and supportive learning environment for their child, free of harassment, bigotry and discrimination based on actual or perceived age, race, creed, color, gender expression, religion, national origin, citizenship/immigration status, sexual orientation, physical and/or emotional condition, disability, marital status, and political beliefs.
- Examine the curriculum materials of the class or classes in which their child is enrolled.
- Be informed of their child’s academic progress in school and of the persons to contact if they wish more information or assistance with their child.
- Follow their child’s progress by having the Internet based grade book Homelink updated as often as possible.
- Access their child’s records and to question anything they feel is inaccurate or misleading or an invasion of privacy.
- Receive information regarding the academic standards their child is expected to meet.
- Receive written notification of school rules, attendance policies, dress codes, and procedures for school visitations.
- Have a child with a suspected disability evaluated and, if found to be in need of special education, receive a free, appropriate education from age 3 through age 21, in accordance with applicable laws and regulations.
• Receive information on all psychological testing recommended for their child.
• Attend and/or participate as a member of any of the following in accordance with established rules and regulations for membership:
  • parent advisory committee
  • parent/teacher organization meeting
  • school-site council
  • English learner advisory committee
  • site-based management leadership team
  • district curriculum council
  • district budget committee
  • district bond oversight committee
• Advocate that the governing board of the school district adopt a jointly created policy that outlines how parents and guardians, school staff, and students may share the responsibility for the intellectual, physical, emotional, social development, and well-being of their students.

**Parent/Guardian Rights in Title I Schools**

*(Please note that only parents of students at designated Title I schools would have these rights. If you are not sure whether the school your child attends is a Title I school, contact the school principal.)*

• The right to participate in the development of a written parent involvement policy that is incorporated into the district’s plan.
• The right to be involved in decisions regarding how Title I funds are spent.
• The right to an annual meeting, at a convenient time, to explain the school’s participation in Title I and parents’ rights to be involved.
• The right to timely information about the programs including a description and explanation of the curriculum in use at the school.
• The right to school performance and individual student performance profiles.
• The right to timely responses to suggestions made by parents.
• The right to receive information about language program choices for English learners including the right to not enroll in any such program.
• The right to know whether the school is a Program Improvement school (has not made adequate yearly growth).
• The right to transfer out of the school that is a Program Improvement school into one that is not a Program Improvement school.

• The right to supplemental educational services from approved providers outside of the school district for children enrolled in schools that continue to not make adequate yearly progress.

• The “Parents Right to Know,” in which parents have the right to request the professional qualifications of the teacher of their child.

• The right to receive in an understandable and uniform format and, to the extent practical, provided in a language that the parents can understand annual state and district report cards that explain the academic achievement levels of all students.

• The right to have comments about dissatisfaction with the school or district plan included along with the plan when it is submitted to the district or the state.

PARENT/GUARDIAN ENGAGEMENT & PARTNERSHIP

As a parent/guardian of a student in our school district, you are encouraged to be directly involved in the education of your children. Early and consistent family involvement helps children succeed in school. Along with volunteering in your child’s school, there are other valuable ways to be involved with your child’s education. To find out more about volunteering and about the information below, speak with your school’s teachers, principals, staff, call the District Office (375-7600), or go to www.wusd.k12.ca.us.

PARENT/GUARDIAN LEADERSHIP OPPORTUNITIES

We have ambitious goals for the public school students of West Sacramento. We believe that the collective and collaborative work of all stakeholders will achieve academic success for all students. School Site Councils (SSCs) and parent/community advisory committees, such as the School Advisory Committees (SACs) and English Learner Advisory Committees (ELACs), play a critical role in raising expectations for student achievement.

School Site Council: The School Site Council (SSC) represents the whole school community, including parents, teachers, principals, and other school staff. California law requires that a School Site Council develop a “single plan for student achievement” if a school receives state or federal supplemental funding. Since all schools in Washington Unified School District (WUSD) receive such funds, SSCs at every school in our district must approve the plan, recommend it to the local governing Board for approval, monitor its implementation, and evaluate the effectiveness of the planned activities at least annually. SSC members are elected by their peers to represent all members of a school community. Their primary role is to guide the site planning process to ensure that the needs of all students are specifically addressed and to oversee the supplemental funding budget. (e.g. Title I).
**School Advisory Committee:** Schools that receive state Economic Impact Aid-School Compensatory Education (EIA-SCE) funding must have an elected group of parents and staff representing students with academic needs on a School Advisory Committee. The SAC may also include the principal, teachers, other staff, and/or community representatives elected by the parents of students identified as “educationally disadvantaged youth” per data indicating great academic need. The SAC provides advice to the principal and the SSC on how to best use EIA-SCE funding to aid students requiring academic assistance.

**English Learner Advisory Committee:** Schools with 21 or more English Learner (EL) students must hold an election voted by parents of EL students to form an English Learner Advisory Committee (ELAC). The ELAC must include a percentage of parents of EL students equal to or greater than the percentage of EL students of the school population. Others on the ELAC may include the principal, teachers, other staff, and/or community representatives elected by the parents of EL students.

The ELAC is responsible for advising the principal and staff on how to address the issues of EL students at that school. An ELAC should also advise the SSC on the best use of EIA-LEP (Limited English Proficient) and other targeted English Learner funds, including the use of Title I funds in schools where applicable.

**District-level Advisory Committees:** The WUSD Board of Education creates advisory committees for the purpose of meeting legal requirements and/or for providing advice and involvement in matters of interest to the District.

**ENROLLMENT INFORMATION**

**School Registration Requirements**
Registration occurs at your neighborhood school. If you do not know the name of the school, please call the Director of Student and Family Support Services at (916) 375-7600 ext. 1371 for information. When you register, the following documents must be presented:

- Student’s birth certificate
- Student’s immunization records including T-dap
- A copy of a utility bill for address verification
- Proof of physical for children entering kindergarten (must be dated within 12 months prior to enrollment date)

The student will not be registered if immunizations are not up-to-date. If you need assistance with immunizations, please contact the school nurse.

Students must be immunized against certain communicable diseases. Students are prohibited from attending school unless immunization requirements are met for age and grade. The school district shall cooperate with local health officials in measures necessary for the prevention and control of communicable diseases in school age children. The district may use any fund,
property, or personnel and may permit any person licensed as a physician or registered nurse to administer an immunizing agent to any student whose parents have consented in writing.

Beginning January 1, 2016, parents of students in any school, will no longer be allowed to submit a personal beliefs exemption to a currently required vaccine. A personal beliefs exemption on file at school prior to January 1, 2016 will continue to be valid until the student enters the next grade span at kindergarten (including transitional kindergarten) or 7th grade.

Students are not required to have immunizations if they attend home-based private school or an independent study program and do not receive classroom-based instruction. However, parents must continue to provide immunization records for these students to their schools.

A student not fully immunized may be temporarily excluded from a school or other institutions when that child has been exposed to a specified disease and whose documentary proof of immunization status does not show proof of immunization against one of the communicable diseases described above.

Emergency Information
For the protection of a student’s health and welfare, the school district requires emergency information on each student. This information includes current family address and phone number; business address and phone numbers of parents/guardians; names, addresses, and phone numbers of relatives and/or friends authorized to care for the student if the parents/guardians cannot be reached; and medical provider information. (Education Code 49408)

**Intra-District School Choice**
Students who reside within the district attendance area may apply for enrollment in any district school, providing the school of choice has space available. Parents must provide transportation unless a child is eligible and chooses to transfer out of a “Program Improvement” school.

No student currently residing within a school’s attendance area shall be displaced by an intra-district transfer student (Education Code 35160.5). (See in Appendix A)

**Intra-District Transfer Procedures**
All students making a first request for an intra-district transfer must first enroll at their school of residence. Once enrolled, the parent/legal guardian may apply for an intra-district transfer. Parents/guardians are required to fill out an application and return the form to the Director of Student and Family Support Services. Priority will be given to students whose parent/legal guardian is assigned to that school as his/her primary place of employment.

All students who submit applications to the district no later than the date designated by the Superintendent shall be considered for admissions to their school of choice the following school year under the district’s open enrollment/school choice policy.

If the intra-district transfer applicant pool exceeds available space in a school of choice, approval shall be determined by lottery from the eligible applicant pools and a waiting list shall be established to indicate the order in which students may be accepted. Late applicants may be added to the waiting list in the order in which they apply.

Applicants will be informed by mail as to whether their applications have been approved, denied, or placed on a waiting list. If the application is denied, the reasons for denial shall be stated.

An applicant whose intra-district transfer is approved may be displaced to their school of residence if an incoming resident student enrolls and no space is available.

(See in Appendix B)

**Employment-based Attendance Options**
The provision allows elementary students to be considered residents of the school district in which their parent(s) or guardian(s) work. (Education Code 48204).

**ATTENDANCE REQUIREMENTS**
California Education Code 48200 requires all students between the ages of 6 and 18 years of age attend school full-time in the area where either the parent or legal guardian resides.
**Excused Absences**

A student shall be excused from school when the absence is:

- Due to his/her illness.
- Due to quarantine under the direction of a county or city health officer.
- For the purpose of having a medical or dental appointment.
- For the purpose of attending funeral services of an immediate family member, so long as the absence is not more than one day, if the service is conducted in California, and for not more than three days, if the service is conducted outside California.
- For the purpose of jury duty in the manner provided for by law.
- Due to the illness or medical appointment during school hours of a child of whom the student is the custodial parent.
- For justifiable personal reasons, including, but not limited to, an appearance in court, attendance at a funeral service, observance of a holiday or ceremony of his/her religion, attendance at religious retreats, or attendance at an employment conference, when the student’s absence has been requested in writing by the parent/guardian and approved by the principal or a designated representative pursuant to uniform standards established by the governing board.
- For the purpose of serving as a member of a precinct board for an election pursuant to Section 12302 of the Elections Code.

A pupil absent from school under this section shall be allowed to complete all assignments and tests missed during the absence that can be reasonably provided and, upon satisfactory completion within a reasonable period of time, shall be given full credit. The teacher of any class from which a student is absent shall determine the tests and assignments reasonably equivalent to, but not necessarily identical to, the tests and assignments that the student missed during the absence (Education Code 48205).

No pupil shall have his or her grade reduced or lose academic credit for any excused absence or absences, if missed assignments and tests that can reasonably be provided are satisfactorily completed within a reasonable period of time.

**Excessive Absences**

Excessive absences and/or tardies are defined as patterns of student non-attendance at school due to prolonged or repeated illnesses/truant tardiness, as reported by the parent or guardian, including but not limited to:

- Absences/Truant tardiness of 10 or more days in a school year for illness without written verification by a medical professional; AND/OR
- Any pattern of repeated absences and/or truant tardiness that adversely affects the student’s academic progress.

If a student falls within one of these categories, the only method that may be used to verify that the student’s absence and/or tardies are excused shall be a written note from a medical professional.
**Tardiness/Truancy**  
State law requires that any student, who has been absent without valid excuse more than three days or tardy in excess of 30 minutes for three or more days in one school year, shall be reported as a truant to the Director of Student and Family Support Services. The following procedures will be used when a student is classified as truant.

**School Attendance Review Procedures**  
Letter 1 will be sent to any student with 3 unexcused or 10 total absences. Parents will be notified of truancy via home visits and/or phone calls.

Letter 2 will be sent to students with 4 unexcused absences or 14 total absences. A school Attendance and Review Team (SART) or Student Study Team (SST) meeting will be scheduled to address the attendance concerns. School and parents will meet to discuss truancy. Interventions will be established in a contract stating all parties’ responsibilities.

Letter 3 will be sent to students with 5 unexcused absences or 15 total absences. Letter 3 will result in referral for a School Attendance Review Board (SARB meeting. The parent and student will be required to attend this site meeting and enter into an agreement with the school to correct the attendance.

If the absence from school continues after the SART intervention, a referral will be made for a School Attendance Review Board (SARB). A SARB Hearing or Truancy Mediation with the Yolo County District Attorney will be scheduled and a SARB Hearing Notification letter, indicating the date and time of the hearing, will be sent to the parents.

A hearing is held to address existing problems and solutions will be recommended. A contract will be developed highlighting recommendations of the Board, and the parents will be informed of their obligations and the consequences for violating the contract.

**Health Screenings**
All students enrolled in first grade must receive a health screening before the end of the first grade. (Health & Safety Code 124105).

**Uniform Complaint Procedure**
The Board of Education recognizes that parents, guardians, students, employees, advisory committee members, or other members of the community may have questions, seek information, desire to make requests, and express complaints regarding district policies and procedures of state and federal programs. A complaint in this sense is a request for action to resolve a conflict. The complainant is the person affected or represents the person affected. A parent complaint about a student must first be discussed with the teacher and then with the Principal of the school. If the complaint is not satisfactorily resolved, the next step is to complete the Complaint form. This form can be obtained from either the Director of Student and Family Support Services at (916) 375-7604 ext 1371 or is available online.

Any person may file a complaint alleging non-compliance with state and federal laws and regulations or unlawful discrimination. Once a complaint is filed, the complainant should expect a phone call from the appropriate administrator within two (2) business days. District staff will attempt to resolve the complaint within thirty (30) days. If there is a prolonged investigation, the process may take up to a maximum of sixty (60) days. If dissatisfied with the district’s decision, the complainant may appeal in writing to the California Department of Education (CDE) within 15 days of receiving the district’s decision. The appeal must include a copy of the complaint filed with the district and a copy of the district’s decision. (5 CCR 4632). If the CDE is unable to resolve the complaint, the complainants may seek local civil law remedies such as local mediation centers and legal assistance agencies.
A discrimination complaint must be written and filed within six months of the occurrence or when knowledge was first obtained.

Programs and services covered by Uniform Complaint Procedures include: adult education, general and basic education, preschool, state and federal programs, special education, ROP, nondiscrimination, gender equity requirements, and civil rights guarantees. Board Policy 1312.3 has established the Uniform Complaint Procedures.

Over-the-counter medication may also be administered by the above staff, but also requires approval by the physician and parent (Education Code 49423). A “Medication in School” form should be completed.

For the protection of all students, medications are not allowed to be carried at school. Asthma inhalers are the only exception to this rule. Students with a doctor’s authorization and parent/guardian permission may carry asthma inhalers. The “Medication in School” form must be completed and be on file in the school office before the inhaler is brought to school.

**Continuing Medication Regimen for Chronic Conditions**
The district is required to inform parents of requirements to notify school staff when their student requires daily medication, including medication being taken, current dosage, and the name of the supervising physician. With the parent/guardian’s consent, the school nurse or other designated employee may communicate with the student’s physician regarding the medication and its effects, and may counsel school personnel regarding the possible effects of the medication on the student’s physician, intellectual, and social behavior, as well as possible behavioral signs and symptoms of adverse side effects, omission, or overdose.

**Home and Hospital Instruction**
Services may be provided to students who are temporarily disabled and unable to attend regular classes or alternative education programs due to verified physical, mental, or emotional disability. (Education Code 49470 and 49471).
Nutritious Meals
Nutritious meals are served every school day. Breakfast is served at all schools. Free and reduced cost lunches will be provided for those students who are determined to be in need. Applications for free and reduced cost lunches may be obtained at your school office. (Education Code 49510)

Pesticide Application Notification
The district participates in an Integrated Pest Management program. Inherent in this are the District’s efforts to reduce pesticide use as much as possible. While it may occasionally be necessary to apply a pesticide, it will only be used as a last resort.

You have the right to be informed prior to any pesticide application that might be necessary at your student’s school. In an emergency, pesticides may be applied without prior notice; however, notice will be provided following any such application. To receive notifications, please inform your student’s school by submitting a letter, which includes your name, student’s name, address, and day/evening phone. Please indicate whether you would like to be notified when any scheduled major pesticide application is made or if you also want notification when an ant trap, small bait application, or other least toxic application is made. OTHER STATEMENTS OF PARENTAL INTEREST

Promotion and Retention
California Education Code 48070 requires that the governing board of each school district and each county superintendent of schools shall adopt policies regarding pupil promotion and retention. Decisions about promotion and retention of students are made on the basis of grade level English language arts and mathematics standards, test scores, and other indicators of academic achievement designated by the Board of Trustees.

The Board believes that upholding high standards for participation in promotion exercises will improve student academic performance, conduct, and attendance.

In order to be eligible to participate in end of year activities and the promotion exercises, 8th grade students must meet the following academic standards during second semester at all four reporting periods, including quarter and semester grades and progress reports.

- 2.0 grade point average
- No F grades in any classes
- 95% Attendance
- No suspensions or excessive discipline referrals

A student with an Individualized Educational Plan (IEP) may be required to meet differential standards specifically stated in his/her IEP instead of the 2.0 grade point average
Students denied the opportunity to participate in promotion exercises will be given a written notice stating the grounds for the denial, and a description of the appeals process. Appeals of exclusion from promotion activities will be considered by a School Review Team. The team includes a site administrator and two teachers, who hold appeals hearings where the student and his/her parents or guardians have the opportunity to respond to the denial and to explain why the student should be able to participate in promotion exercises despite not having met the criteria established above. The decision of the School Review Team is final.

**Psychological Testing**
A parent or guardian has the right to receive information about psychological testing involving their child and to deny permission to give the test (Education Code 51101).

**Reporting to Parents**
Individual teachers are to communicate, in writing, the classroom grading policy to students and their parents at the beginning of the school year. The policy shall include homework requirements, make-up procedures, the weighing of course work as it pertains to the calculation of the final grade, and course expectations. Every effort is made to remain in contact with parents throughout the school year.

**Safety and Protection of Students**
To provide for the protection and the safety of students, teachers, employees, and school property, the public (except those persons exempted) is required to register in the school office prior to entering or remaining on the school premises during school hours. Signs are posted at each school entrance indicating the location of the school office (place of registration) and penalties for failure to comply. Each school also has a comprehensive safety plan on site. The plan is available to view at the school site.

**Volunteers and Visitors**
The Washington Unified School District is seeking volunteers who assist our mission to support students in a community promoting family involvement, strong partnership, and school pride. Volunteer assistance in schools can significantly enrich the educational program, improve supervision of students, contribute to school safety, and strengthen relationships. Community involvement is essential to the success of the District. We believe that volunteer efforts support our belief that individuals require community to thrive and we build responsibility through participation and service. We welcome all volunteers ready to contribute to the success of school events, activities, and daily learning experiences. For the safety and well-being of students, the District requires all volunteers to complete the outlined process including a background clearance.

Washington Unified School District prohibits the use of tobacco and any e-cigarette/vaping products at all times on district grounds. The prohibition applies to all employees, students and visitors at any activity or athletic event. Students shall not smoke, chew or possess tobacco or nicotine products including, but not limited to e-cigarettes on school property or during school hours, at school-sponsored events, or while under the supervision of district employees.

**Individuals with Disabilities**

In accordance with federal and state laws, the school district does not discriminate against individuals with disabilities in its programs and activities. If your child needs special accommodations, please contact the school or the district.
Elementary and Secondary Dress and Grooming

The Board of Education developed Board Policy 5131 as it believes that the development of attitudes and behavior patterns in dress and grooming should be a part of each student’s total educational experience. Dress, hair style or makeup which are of a distracting nature or interfere with the study habits of students in the class or school, shall not be acceptable.

The district is legally and ethically responsible for the establishment of classroom and campus atmosphere which creates the proper conditions and practice of orderly study. The grooming standards that follow are directed towards the fulfillment of this obligation, attending to the concerns of health and safety but granting, where possible, a reasonable expression of individual taste. Reflected with these standards is an appreciation of the current trends in style or fashion, but tempered with restrictions regarding extremes that are distracting, dangerous or simply out of place at school.

No restrictions on freedom of dress or adornment shall be imposed by the District which may violate a student’s civil rights, which impose particular codes of morality or religious tenets, which attempt to dictate style or taste, or which do not fall within the direct or implied powers of the Board of Education.

Periodic review of these standards of personal appearance should involve parents/guardians, teachers, administrators and student representatives.

Clothing worn should correspond with the demands and attributes of the activity in which students participate. Footwear standards are concerned with prevention of accidents and injury. Shoes shall be worn at all times except under specified conditions. Students must also consider physical education requirements in their selection of shoes.

Elementary School Uniforms

The district has a consistent uniform policy for elementary schools for the following reasons:

- Districts that have implemented district-wide uniform policies have found that there is a decrease in behavior that negatively impacts the school and classroom learning environments.
- Districts that have implemented district-wide uniform policies have found that uniforms shift the focus from what children are wearing to what students are learning.
- When a child moves from one district school to another, the same basic uniform will be appropriate at the new school.
- Consistent policies across the district create common expectations that focus on creating powerful learning environments on all campuses.
- A common policy at every site makes families feel they are being treated more fairly and consistently because each site does not have a different policy.
- A common policy creates a common expectation across the district for everyone who comes into daily contact with our children.
Uniforms are required for students in grades K-8 at the following schools:

- Bridgeway Island Elementary
- Elkhorn Village Elementary
- Evergreen Elementary
- Riverbank Elementary
- Southport Elementary
- Stonegate Elementary
- Westfield Village Elementary
- Westmore Oaks Elementary

The Superintendent or designee shall ensure that the district's parent involvement strategies are jointly developed with and agreed upon by parents/guardians of students participating in Title I programs. Those strategies shall establish expectations for parent involvement and describe how the district will carry out each activity listed in 20 USC 6318. (20 USC 6318)

The Superintendent or designee shall consult with parents/guardians of participating students in the planning and implementation of parent involvement programs, activities, and regulations. He/she also shall involve parents/guardians of participating students in decisions regarding how the district's Title I funds will be allotted for parent involvement activities. (20 USC 6318)

The Superintendent or designee shall ensure that each school receiving Title I funds develops a school-level parent involvement policy in accordance with 20 USC 6318.

**Non-Title I Schools**
The Superintendent or designee shall develop and implement strategies applicable to each school that does not receive federal Title I funds to encourage the involvement and support of parents/guardians in the education of their children, including, but not limited to, strategies describing how the district and schools will address the purposes and goals described in Education Code 11502.

**Special Education**
Parents and guardians have a right to be informed of the district programs for students with exceptional needs and to be consulted about the assessment and appropriate placement of their child. **Education of Children & Youth in Homeless Situations**
The federal McKinney-Vento Act protects the rights of children and youth in homeless situations and the right to attend and succeed in school, including preschool. **Suicide Prevention**
If school personnel suspect that a student is suicidal, the school will immediately contact the
parents/guardians. Also, if a parent/guardian feels the student is suicidal, the parent/guardian
may notify the school nurse or school administrator. The school must maintain a documented

health may contact the following agencies:

Yolo County Crisis Mental Health (888) 965-6647

**DISCIPLINE**

**Discipline Procedures**
In accordance with California Education Code 35291, the Board of Education adopted
procedures governing student discipline and are available in your student’s school office and on
the district website under “Student Behavioral Expectations” (Student Services Department). These provisions include, but are not limited to, detention, parent conferences, suspension, expulsion, and other educational alternatives. (Education Code 48900 (a-o))

Washington Unified School District recognizes that to maximize the learning potential of each student, the school environment must be safe, secure and peaceful. In accordance with Education Code 48900 and 48915, behavior rules and guidelines are enforced district-wide in a uniform and consistent manner to ensure that each school site meets the criteria of a safe school. It is the intent of the district to provide alternatives to suspension and expulsion for tardiness and truancy. (Education Code 48900(2) (v)). It is the intent of the district to provide alternatives to suspension and expulsion for first time offenders and for minor offenses when those alternatives do not jeopardize school safety. (Education Code 48900(2)(u), 48900.5, and 48900.6.) Therefore, the District discipline plan is progressive and includes both behavioral support interventions for less serious offenses and increasing consequences for repeated or more serious violations. (WUSD Administrative Regulations 5145.7)

Suspension
Suspension shall be imposed only when other means of correction fail to bring out proper conduct. However, a student may be suspended upon first offense, if the principal or superintendent determines that the student has violated Education Code 48900, 48900.2, 48900.3, 48900.4, 48900.7, 48915, or that the student’s presence causes a danger to persons or property or threatens to disrupt the instructional process. Education Code 48903 states that the total number of days for which a pupil may be suspended from school shall not exceed 20 school days in any school year.

Suspension by Principal
Suspension by the principal or designee shall be preceded by an informal conference. At that conference, the student shall be informed of the reasons for the disciplinary action and the evidence against him/her. In addition, the student shall be given the opportunity to present his/her version and evidence in his/her defense. At the time of the suspension, the principal or designee shall make a reasonable effort to contact the student’s parent or guardian in person or by telephone. Whenever a student is suspended from school, the parent or guardian shall be notified in writing of the suspension. The notice shall contain a statement of the facts leading to the decision to suspend, the date and time when the student will be allowed to return to school, and a request that the parent or guardian attend a conference upon the student returning with school officials, including notice the state law requires parents or guardians to respond to such request without delay. (Education Code 48911)

Suspension by Teacher
A teacher may suspend any student from the class for the day of the suspension and the day following for an act stated in Education Code 48900. A “day” in secondary school is defined as an instructional period; a day in elementary school is defined as a calendar day. If the student has more than one teacher, the student is only precluded from attending the suspending teacher’s class. Prior to excluding a student from the classroom, the teacher must inform the student which district policy was violated, that the teacher intends to suspend, and that the student has the opportunity to respond to the charges. As soon as possible, the teacher shall request a parent/guardian conference at which time the circumstances of the suspension and the data will
be presented. (Education Code 48910 (a) (b) and 48911)

**Classroom Visitations**
Current state law authorizes teachers to provide time for a parent/guardian of a student, who has been suspended for reasons stated in Education Code 48900, to attend a portion of a school day in the student’s classroom. The principal will provide appropriate notification to a parent/guardian by the following day regarding the classroom visitation. (Education Code 48900)

**Teacher Referral**
A teacher may refer a student, for any of the acts stated in district policy, to the principal or to a certificated employee designated by the principal for consideration of suspension from school. (Education Code 48910 (c))

**Emergency Suspension**
A principal or designee may suspend a student without affording that student an opportunity for a conference only if the principal or designated employee determines that an emergency situation exists. (Education Code 48911)

**Expulsion**
An expulsion is the removal of the student from all schools in the district for violating California Education Code as ordered by the Board of Education. The district is required to provide some alternative programs of study (Education Code 48925). The expulsion is for a defined period of time, but an application for re-admission must be approved before the student is permitted to return to the district. State law provides for full due process and rights to appeal any order of the expulsion.

State law mandates the Board of Education to expel students as indicated in the Education Code for 48915 (c) for:

- Sale, possession or furnishing of a firearm.
- Brandishing a knife at another person.
- Selling a controlled substance.
- Sexual assault or battery.
- Possession of explosives.

California Education Code requires a school administrator to recommend expulsion if a student commits one of the following offenses:

- Causing serious physical injury to another person except in self-defense.
- Possession of any knife, explosive, or other dangerous object of no reasonable use to the pupil.
- Unlawful possession of any drug except for the first time offense of possession of not more than one ounce of marijuana.

- Assault or battery upon a school employee.
A student shall not be disciplined, suspended, or recommended for expulsion unless the Superintendent, a designee, or the principal of the school in which the student is enrolled determines the student has violated one or more parts of the Standards of Behavior, District policies, or the Education Code 48900.

A student may be disciplined, suspended for a maximum of five consecutive days, or expelled for acts specified in the Standards of Behavior that are related school activity or school attendance occurring at any district school or within any other school district, including, but not limited to, any of the following: (Education Code 48900(s))

- While on school grounds
- During the lunch period whether on or off campus
- During, going to, or coming from a school sponsored activity.

**Expulsion of Special Education Students**

The procedures for expelling a student with exceptional needs differ from the procedures for other students in that an Individualized Education Program (IEP) team would first meet to consider whether the misbehavior leading to the expulsion consideration is a manifestation of the student’s disability and whether the student was inappropriately placed at the time the incident occurred. These issues must be ruled out prior to a recommendation for expulsion. Parents must be notified at least 48 hours in advance of the IEP meeting and may request a postponement of an additional three school days. (Education Code 48915.5)

RELEASE OF INFORMATION

Definition of Pupil Record
Pupil record is any item of information other than directory information that is directly related to an identifiable student and is maintained by the district or required to be maintained by an employee in the performance of his or her duties.

Notification of Privacy Rights of Students
Federal and state laws grant certain privacy rights and rights or access to pupil records to students and to their parents/guardians. Full access to all personally identifiable written records maintained by the school district or county office must be granted to:

   Parents/guardians of students age 17 or younger.
   Parents/guardians of students age 18 or older, if the student is dependent for tax purposes.
   Students age 16 or older who have completed the 10th grade.

Parents/guardians may review individual records by making a request to the principal. At each school, the principal or designee shall act as custodian of records. The principal will see that explanations and interpretations are provided, if requested. A parent or guardian has the right to question and receive an answer regarding an item on their child’s record that appears inaccurate, inappropriate or misleading. The item may or may not be removed by the Superintendent or his/her designee. A log or record of the maintenance of each pupil record of enrolled students shall be kept in the school office.

In addition, parents or guardians of eligible students may receive a copy of any information in the pupil’s records at a reasonable cost per page. School district policies and procedures relating to types of records, kinds of information retained, persons responsible for maintaining pupil records, access by other persons, review, and how to challenge the content of records is available through the principal or his or her designee. Parents may contact the school to review the log listing of those who have requested or received information from a pupil’s file, as required in Education Code 49064.

Access to a pupil’s records will only be granted to those with legitimate educational interest who are officials or employees whose duties and responsibilities to the district, whether routine or as a result of a special circumstance, require that they have access to pupil records. School officials may be authorized to inspect student records if a legitimate educational interest exists. A school official has a legitimate educational interest if the official needs to review an educational record in order to fulfill his or her responsibilities. A school official is a person employed by the District as an administrator, supervisor, instructor, support staff member (including health or medical staff and law enforcement unit personnel), a person serving on the governing board, a person or company with whom the District has contracted to perform a special task, (such as an attorney, auditor, consultant, or therapist), or a parent or student serving on an official committee, (such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. (FERPA, 34 Code of Regulations (C.F.R) Part 99.7(a) (3) (iii) and 99.31(a) (1) and Education Code 49063(d), 49064 and 49076.
When a student moves to a new school district, records, including disciplinary records, will be forwarded upon request of the new school district. At that time, the parent or an eligible student may challenge, review, or receive a copy, at a reasonable cost per page of the requested records. Parents or guardians may contact the school district or county office for any policy regarding the review and expunging of pupil records. If you believe the school district is not in compliance with federal regulations regarding privacy, you may file a complaint with the United States Department of Education at the following address: Family Policy Compliance Office, U. S. Department of Education, 400 Maryland Avenue, SW Washington D.C. 20202-5920

The school district also makes certain that student directory information is available in accordance with state and federal laws. This means that each student’s name, birthday, birthplace, address, telephone number, major course of study, participation in school activities and sports, dates of attendance, degrees and awards, and the most previous public or private school of attendance may be released to certain specified agencies. In addition, height and weight of athletes may be made available.

**BULLYING**

Should a student, parent or staff member believe that any student has been subjected to bullying, or harassment, he/she should file a Suspected Bullying Report with the school. The administrator will conduct an investigation to determine if the act fits the definition of bullying. If so, the site administrator will take the appropriate disciplinary and intervention steps. Students can be assured that the District will not tolerate retaliation as a result of the filing of Suspected Bullying Report. Forms can be accessed at the school sites or downloaded from the school or district website.

The board recognizes that it is the responsibility of program personnel to maintain a secure and safe school climate, conducive to teaching and learning that is free from threat, harassment and any type of bullying behavior in school, school-sponsored activities on or off school grounds, and transportation to and from school. This agreement is attached to the back of this handbook.

As part of the agreement, parents will have the option of electing not to allow their students to use the internet at school. If parents decide not to allow their child internet use at school and an assignment is such that it requires internet use, an appropriate alternative assignment will be provided to the student with no penalty. Students who use District resources agree to abide by all district policies and guidelines for their legal use. (Administrative Regulation 6163.4 (a) and Board Policy 6163.4)

Acceptable Use of Internet Technology

Washington Unified School District has taken reasonable steps to ensure that its technological resources are used only for activities that support the curriculum or one’s professional role. Users should not expect privacy through e-mail, internet usage, or created documents. Washington Unified School District will monitor individual use of all technological systems as needed. However, total security on such a far-reaching system is imperfect and impossible to achieve. Realistically, school computers and other technological resources can be used inappropriately, if one is persistent. Using any technological system is a privilege that may be revoked at any time for unacceptable conduct. Unacceptable conduct includes the following:

- Using technological resources for illegal or unethical activities, including plagiarism, copyright, or contract violations.
- Using technological resources for financial or commercial gain.
- Using technological resources for advocating for ballot measures or political candidates without Board approval.
- Accessing or exploring on-line locations, materials, or on-line games that do not support the curriculum and/or are inappropriate for school-related work.
- Downloading, installing, or executing unlicensed or unauthorized software including viruses.
Vandalizing and/or tampering with equipment, programs, files, system performance or other components of the network, including copying, distributing, or modifying copyrighted software.

Causing congestion on any technological system or interfering with the work of others, e.g., engaging in chain letters or in peer-to-peer networking applications.

- Attempting to infiltrate, or “hack”, into any technological system or interfering with another person’s ability to use that system, including password sniffing and/or port scanning.

- Sending or receiving materials that are pornographic, obscene, or x-rated.

- Using unauthorized fee-based services on the internet.

- Intentionally wasting finite resources, e.g., on-line games, instant messaging.

- Gaining unauthorized access to any technological system.

- Revealing the home address or phone number of another person; or, if a student, revealing one’s own home address or phone number.

- Invading or violating the privacy of other individuals and/or their information.

- Using another user’s account or user name or allowing another user access to one’s own account or user name.

- Sharing one’s password either knowingly or carelessly, or failing to confirm to WUSD directives for password change and creation.

- Coaching, helping, observing, or joining any unauthorized activity on any technological system.

- Using e-mail, as a student, for other than school-related purposes.

- Posting anonymous messages, unapproved web pages, or unlawful or libelous information on the system.

- Encrypting files or restricting files through unauthorized password protection.

- Engaging in sexual harassment or other objectionable activities in public or private messages. e.g. activities that are abusive, sexually explicit, threatening, demeaning, or using objectionable language.

- Falsifying permission, authorization or identification documents.

Violations of Acceptable Use, or any willful act designed to disrupt any technological system, will result in disciplinary or legal action and may result in a loss of access to the system.

**Internet Usage Permission Information**

Washington Unified School District provides students with access to computer equipment and the internet. These valuable educational tools are part of the wide range of resources that support our educational program.

While staff will ensure that high-quality on-line materials are available and promoted, it is possible that your child may encounter inappropriate material while using these resources. The District has established a Computer Rules and Responsibilities Policy that all students are asked to sign. This policy outlines the rights for students and responsibilities expected of them. The District and the California Department of Education firmly believe that the benefits of using computers and the internet far outweigh the risks.
